CAREER OBJECTIVE

Motivated IT graduate (B.Tech– IT, 2025 pass out) with strong skills in Python, React, SQL, and MERN stack development. Passionate about building scalable software solutions, testing applications, and contributing to innovative projects in software development and quality assurance.

INTERNSHIPS

Jul 2024 – Aug 2024	UI/UX Design Codsoft Analyzing the impact of UI/UX design, exploring web design tools, visual design principles, UX strategies, web technologies, and practical applications.
Jul 2023 – Jul 2023	Web Development Syscorp This internship focused on Front-End ,Back-End,Database Management,Version Control,responsive design, basic frameworks (like React,Express), APIs, and debugging skills

PROJECTS

May 2025 – May 2025	Bank Transactions Analyzer, Flask & Pandas  - Built a web-based financial analyzer using Flask and Pandas to process CSV bank data, perform data cleaning, flag suspicious transactions, and visualize monthly and category-wise spending with Chart.js in a responsive browser UI. - Optimized data queries and processing to handle large CSV files efficiently, improving system performance. - Implemented error handling and data validation to ensure accuracy in transaction categorization and reporting. - Troubleshoot issues in CSV data loading and optimized queries for improved performance.
Jul 2024 – Sep 2024	Employee Management System, MERN Stack  - Developed a dashboard-based employee management system using React, Node.js, and MongoDB. - Integrated Chart.js to visualize employee data, providing actionable insights into workforce distribution. - Improved workflow efficiency by enabling CRUD operations on employee records with secure APIs. - Applied functional test planning to ensure reliability and accuracy of employee dashboard features.

EDUCATION

2021 – 2025 Coimbatore, India	B.Tech Information Technology, Karpagam Institute Of Technology CGPA : 7.40
----------------------------------	---

SKILLS

Technical Skills: Python | HTML/CSS | React.Js | JavaScript | SQL | APIs | Cloud Basics

Soft Skills: Teamwork | Leadership | Adaptability | Collaboration

Tools: Visual Studio Code | Figma | Version Control | Power BI

CERTIFICATES

- Introduction to Data Science - Cisco Networking Academy
- GenAI Powered Data Analytics Job Simulation - TATA
- Data Analytics Job Simulation - Deloitte
- AWS Academy Cloud Foundations - AWS
- HTML and CSS in depth - Coursera
- React Basics - Coursera

AREA OF INTEREST

Software Engineering | Data Analytics | Full-Stack Development
